Planning & Technical Background

We understand that the property has planning for the existing uses. The property is within the Lyme Regis Conservation Area, is Grade II Listed and adjoins the Grade II* Listed Guildhall. The site is within Flood Zone 1 and therefore at low risk of flooding, whilst also being within the defined development boundary for the town, making it eligible for development proposal under the Local Plan. The Local Plan seeks to encourage the reuse of existing buildings and therefore the property aligns with this principle. Any development will need to comply with any Local Plan policies relating to heritage assets and the National Planning Policy Framework requirements for Listed buildings and Conservation areas. There are local precedents for development in the immediate area, such as the contemporary extension to the Guild Hall.

Business Rates

The property is split into two rating assessments, with the ground floor having a rateable value of £9,200 and the upper floor office at £7,600. Interested parties should make their own enquiries to Dorset Council to ascertain the exact rates payable as a change in occupation may trigger an adjustment of the ratings assessment.
