Industrial/Warehouse Building

Secure fenced and gated yard

Plentiful car and lorry parking

Office space with lift access

Prominent established location

TO LET 44,109 SQ FT (4,098 SQ M)

ESTABLISHED LOCATION

The Hub 1 forms one half of a larger facility located on Bumpers Way close to the front of the established Bumpers Farm Industrial Estate in Chippenham.

This is the main employment zone for Chippenham and is situated just 1.5 miles to the north west of the Town Centre.

Junction 17 of the M4 national motorway network is approximately 4 miles to the north accessed directly via the A350 dual carriageway. Bristol is approximately 27 miles to the west and Swindon is 20 miles to the east.

Bumpers Farm offers a wide range of industrial, trade counter, retail and office occupiers including Wickes, Pets at Home, B&M Stores, Vectura, Meyer Timber, Huber Technology, Euro Car Parts, Woods Valldata, Chippenham Motor Company, Toolstation, Howdens, City Plumbing Supplies, and Screwfix.

Lidl, Morrisons and Sainsburys supermarkets are all situated close by.

THE HUB ¹ BUMPERS WAY

The Hub was fully refurbished in 2015 to include a new roof, new double glazed windows, new sanitaryware and lighting as well as being decorated throughout. It will be redecorated following the current occupier's departure to larger premises.

The main warehouse area provides two clear span bays of storage accommodation offering 5.3m height to eaves and 7m at the midpoint. Two loading doors to the side elevation service the concreted yard area where currently a temporary external storage structure is in situ but will be removed prior to the premises being leased.

There is two storey ancillary accommodation to the front of the building which is suitable for additional small item storage, display areas, offices and staff welfare facilities. Male and female wc facilities as well as a kitchenette area are provided and a passenger lift serves the first floor.

There is plentiful car and lorry parking to the front of the premises and the main access way is a one-way system shared with Hub 2.
